# NIGERIAN

Nigeria is a place of great diversity, with a population of 130 million, and more than 200 peoples with at least as many dialects. In spite of its wealth of natural resources, the majority of its people struggle to make ends meet. During the last two years, between business meetings, I have been documenting life in the streets of chaotic urban centers, colorful markets and quiet villages. I have discovered beauty in the smiles of Nigeria's friendly people and its tropical landscapes.

Victor Politis

# FACETS

*Le Nigéria est un pays de grande diversité, avec une population de 130 millions comprenant plus de 200 peuples et autant de dialectes. Malgré sa richesse en matières premières, la grande majorité de la population peine à survivre. Au cours des deux dernières années, entre réunions d'affaires, je me suis pris à documenter la vie chaotique des centres urbains, les marchés hauts en couleurs et les villages paisibles. J'ai découvert ainsi la beauté des paysages tropicaux de ce pays et celle des sourires et de l'amitié de ses habitants.*
